The image is a composite screenshot. The background is the LogMeIn website's 'Choose a Mode, Any Mode' page. The 'Unmanaged' mode is selected, and a green button labeled 'Download Now' is visible. Overlaid on the website is a screenshot of the LogMeIn Hamachi application. The application window has a menu bar with 'System', 'Network', 'Manage', and 'Help'. The 'Network' menu is open, showing two options: 'Create a new network...' and 'Join an existing network...'. A red box highlights the 'Create a new network...' option, and a large red arrow points to it from the left. To the right of the application window is a blue advertisement for 'LogMeIn for iPad' with the text 'One app, ultimate' and 'Available on the App Store'. At the bottom of the website screenshot, there is a footer with copyright information and social media icons. At the bottom of the entire image, there is a green banner with the text 'wikiHow to Make a Minecraft Server With Hamachi'.
