## About This Game

*Telophase* is a twin-stick dungeon crawler inspired by Egyptian mythology. You play as Set, an ancient god who must traverse the dangers of the pyramids and survive an onslaught of enemies. With the rare ability to split your soul, you are the only one who can overthrow the other gods and usurp the throne of the Underworld.

- Fast-paced gameplay that forces you to think on your feet in order to defeat all enemies.
- Three stages with up to six randomly chosen levels.
- 2D pixel-art style that captures the mysticism of Ancient Egypt.
